ProLogix Percussion is the leading drum practice pad innovator of the world drumming industry. The company was established in 2001 by professional drummer, educator and inventor Jason Edwards of Ashland, Ohio. ProLogix Percussion practice pads are made with 100% USA precision craftsmanship, high quality materials and technologically advanced designs inspired by our true passion of percussion instruments. Today, we continue our journey in manufacturing the world's best "drum feeling" engineered practice pads designed to fulfil all drummer's every day needs and desires during practice time.
