DGBE low D tuning (85cm String Length) \$10.99

### Aquila Nylgut & New Super Nylgut Strings

*The **Synthetic Nylgut**, Until the mid-20th century Ukuleles were mounted exclusively in gut, a material that had been used for thousands of years and that combines excellent promptness of attack with brilliance of timbre - very different, in other words, from modern nylon strings. And until recently the typical sound quality of gut has been a constant point of reference for luthiers, composers and performers, This Improved Nylgut material has a higher density than Nylon Stings.*  
ALSO NOW IN SUPER FORMULA.

AQ4U Soprano Regular Tuning, key of C  
(all Nylgut® strings) GCEA (60cm String Length) \$13.99

AQ5U Soprano Low-G Tuning, key of C (1 wound string)

## **Aquila Strings (Made in Italy)**

### Aquila Sets (NEW LAVA ) Series 2015

LAVA SERIES -- Aquila Strings proudly presents the new LAVA SERIES ukulele strings. A Grey-Black string coloured with a touch of mother-of-pearl, inspired by Volcanic Rocks. The New LAVA SERIES, naturally inspired by a Volcano, which is an Hawaiian symbol of new life, a respectful homage to the Hawaiian people who made the Ukulele worldwide famous and share their happiness with thousands of people around the world. The LAVA SERIES strings maintain the same identical mechanical, and sound properties of the famous White-Pearl Super-nylgut Ukulele strings.
